## Schlapp Seeks Selectman's Job

Atty. Raymond W. Schlapp has announced that he will be a candidate for the office of Selectman.

He attended the public schools of Andover, graduating from the then Pynchard High School in 1924. Continuing his education, he graduated from Bowdoin College in 1929 and from Boston University Law School in 1933.

In 1941 he was elected as Representative to the General Court of Massachusetts, serving the towns of Andover, Methuen, North Andover, and part of Lawrence. During his terms in the Legislature, he was a member of the Committees on Counties, Civil Service, and Banks and Banking. In May of 1942 he voluntarily relinquished his post in the Legislature to enter United States Naval Service. He participated in the original invasion of North Africa in 1942 and thereafter actively participated in several other invasions in the Atlantic, Mediterranean and Pacific theatres of operation. During his 43 months of military duty, his wife, the former Alyce L. Gage, served two consecutive terms in the Legislature.

Upon Schlapp's return from

## Cinema Classics Allowed To Show Films In School Halls

### Mothers Will March Jan. 31

Next Wednesday evening, Jan. 31, mothers throughout Andover will ring door bells for the New March of Dimes, to help raise funds for the National Foundation for their battle against such crippling diseases as polio, arthritis and birth defects in the fields of research, education and medical treatment.

Bruce Dodd, chairman, James Wilson, assistant chairman, and Mrs. Emery Westcott, special gifts chairman, wish to have it known there are 100 million potential victims in the U. S. still unvaccinated against polio; and that there are still thousands who were crippled in the pre-vaccine era who still need assistance with respiratory equipment, treatment and further rehabilitation. Since the vaccine era, the cost of this type of care to the National Foundation has been over \$98,700,000. Mr. Dodd adds that birth defects are the most important unmet childhood medical problem today, with one out of every 16 infants - or 700 a day - or one every other minute - born with a birth defect. Arthritis tortures and disables

Public school facilities will continue to be used for the showing of foreign films, under the sponsorship of the local Cinema Classics committee, by verdict of the School Committee.

In effect, the endeavor was ruled non-commercial, and non-competitive with the Andover Playhouse.

Samuel Resnik, owner of the Playhouse, had protested the use of school buildings for ventures that compete with the showing of commercial films.

And before the decision was made Tuesday night, the School Committee noted that the Cinema Classics group and Mr. Resnik have tried to "get together" to arrange the use of the Playhouse for the showings, but have failed to agree on prices.

Representatives of the group,

## Budget Increase Of 3.5 Percent Forecast

### Authority Seeks New Director

The Andover Housing Authority is looking for a new director for its Urban Renewal program, following the resignation of James W. Franklin from that post.

Mr. Franklin resigned at a meeting Jan. 18, and the action was accepted "with regret".

Applications for the position of director will be accepted by the Housing Authority until Jan. 31, according to Chairman David MacDonald Jr.

In announcing Mr. Franklin's resignation, Mr. MacDonald said the step was taken by Mr. Franklin because of the pressure of personal business.

The Authority has pointed out that the Urban Renewal program will continue.

On the basis of present estimates, this year's over-all town budget will be 3 1/2 percent higher than a year ago.

Town Manager Thomas E. Duff says the town general budget fund may amount to \$2,028,215. School budget figures, already approved by the School Committee, stand at \$1,613,460.

The combined totals \$3,641,675 - higher than a year ago by \$402,641.

In addition, this year's special article requests total \$337,025.

Valuations this year are at \$91,721,100; the town's surplus cash is estimated at \$634,594.

### Money Articles

The many special articles, making up the official town meeting warrant, have been placed in proper order by the Selectmen.

They include heavy equipment expenditures for a shovel dozer

music students will be captivated by the stellar array of professional talent that will be presented at that time.

Herb Pomeroy's band will furnish the music for the evening and will demonstrate the enormous popularity of jazz as an art form. Mr. Pomeroy is an accomplished trumpet player and pianist and his band has created a vital role for themselves in contemporary jazz. To quote the New York Times after a recent engagement: "...a spirited, enthusiastic group that bites into a well-balanced set of selections with sensitivity and polish" serves as a testimonial to this band that has thrilled thousands at the Newport Jazz Festival and Boston Arts Festival. Featured

vocalist for the evening will be the talented songstress Teddi King who will delight any music lover with her renditions.

But as if all this were not enough to please any jazz enthusiast, there will also be the combined commentaries of Fr. Norman O'Connor, famed TV personality and George Frazier, Boston Herald columnist, to augment the evening's gaiety. Fr. O'Connor is a well known jazz reviewer, historian, and lecturer; director and participant in the Newport Jazz festival; program director of jazz for the Boston Arts Festival; producer and participant in a weekly television program of live jazz performances.

George Frazier, whose controversial column appears as a daily feature in the Boston Herald, is also an authority on all aspects of jazz and will contribute some critical commentary on jazz in review.

Mrs. Burton A. Jenkins and Mrs. John D. Phillips are serving as co-chairmen of this affair. Other members of the committee are Mrs. Richard H. Mower, ticket chairman; Mrs. Daniel P. Valpey, finance chairman and Mrs. Edward N. Sabbagh, publicity chairman.

Proceeds from this affair and all Andona sponsored activities are to benefit the youth of the community.

**Doyle Named  
Board Head****RUSSELL G. DOYLE**

Russell G. Doyle was elected chairman of the Board of Selectmen Monday night, shortly after the session began.

His election was apparently unanimous, and came on the original motion of James D. Williams, seconded by both Selectmen William Stewart and Philip K. Allen.

Mr. Doyle, in assuming the chairmanship, thanked his colleagues and commented that he is certain the Board will enjoy a harmonious, successful relationship during his tenure as chairman, as it did during the years of Mr. Bernardin's tenure.

The seat became vacant when Eugene A. Bernardin Jr. resigned, because he is not seeking re-election in March. He felt that another member should be prepared for town meeting activities during which the chairman takes considerable part.

**What Our  
Readers Say—**

To the Editor of the Townsman

"In your Jan. 18 issue, an editorial suggested that question of Urban Renewal placed on the ballot in November. While this may, at first, seem to be the best way to get the measure of the voters' wishes, it seems to me that there are reasons to believe that this is not desirable and in fact probably impossible."

"The acceptance of the proposition would, I believe, require also appropriation of large sums of money which would have to be made at a regular or special town meeting. It would be well impossible to appropriate money on the ballot and perhaps illegal."

"The Urban Renewal proposition is most complicated and in my opinion will, when its implications are comprehended by the voters, result in the largest attendance ever had at a town meeting."

"It is important to remember that this project was initiated at the town meeting in March 1958. It is my understanding that it was expected that plans were to be completed within 15 months. Now almost four years later, they are now said to be complete and the hands of the Home and Finance Agency in New York for the approval. It is said that the Urban Renewal Authority will be required to present them to a special town meeting in May."

"Delay beyond May should not be permitted. Consideration should be given to the rights of the owners of the property in the Urban Renewal area. So long as this question remains unresolved it will tend to reduce or eliminate the possibility of selling or renting any property in the area. Witness the street vacated by the Woolworth Co. at 46 Main st."

## Red Cross Seeks Coordinated Efforts

A new departure was taken by the 17 Red Cross chapters of Essex County last week in Lynn.

At a meeting presided over by Robert Zollner of Andover, directors of these chapters examined a resolution from the national head-

quarters calling for greater geographical consolidation and unification of Red Cross services. As a result of the great urban growth, many chapters across the country are merging to provide more efficient and more expert service to their populations. The consensus of the northshore representatives was, however, that more cooperation and exchange of ideas would better solve their needs than would mergers.

Therefore, the assembled directors voted to establish a committee

of the chapter chairmen or their delegates to study and recommend ways to coordinate their common efforts. In February, the committee will be organized formally. Andover members present were Miss Irene Libbey, Mr. and Mrs. William N. Perry, David Cutler and John C. Young.

in 1948, having returned to school after the war. During that time, he served as president of the senior class. After advancing his education at Huntington Preparatory School,

Mr. Davey attended Merrimack College where he received the A.B. degree in 1953.

He then joined the Wells, Me., school system where he taught English and French at the High School and served as football coach and assistant basketball coach. The following year he taught English at the Hudson, N. H., High School.

VINCENT P. DAVEY

He also has been a member of the faculty at the Andover Junior High School and served as assistant football coach at the High School here.

Mr. Davey left Andover schools to join the faculty at St. John's Preparatory School in Danvers, where he also was in charge of the intramural sports program for four years. Last September he joined the faculty at Holten High in Danvers.

Locally, he has served at the Youth Center on Brook st. and has participated in the summer playground programs. He also has coached the basketball teams at St. Augustine's. Mr. Davey taught swimming at the YMCA for some time and also has been an instructor at Phillips Academy Saturday mornings.

Married to the former Helen McDonough of Dover, N. H., the couple has four children.

### Suzanne Noury Heads Class

Suzanne M. Noury, 9 Chestnut st., has been elected president of the Northeastern University sophomore class.

The daughter of Mr. and Mrs. George Noury, she is a student in the College of Education, one of the University's eight schools and colleges, and is majoring in elementary education.

At Andover High School, in the class of 1960, she was an honor student, a member of the senior executive board and a member of the yearbook committee.

A former secretary of the freshman class, Miss Noury is a member of the Husky Key Society which works to promote college spirit.

During her co-operative education assignment, she is employed as an attendant nurse by the Cushing Hospital, Framingham.

Under the Co-operative Plan of Education at Northeastern, upper-class students alternate periods in the University with periods of equal length on regular paying jobs in business and industry. This helps to integrate classroom theory with practical experience.

the third section of the drainage study; major water extensions; plus funds for the Land Acquisition Committee.

A summary of the special articles follows:  
Shovel dozer for the dump, \$28,000; garbage collection, \$25,000; new water mains - 12 inch line on Pine st. to Fox Hill rd., 12-inch line on Lovejoy rd. to Lowell st. and eight-inch main on Dale st. - \$128,000.

Gleason st. drainage project, \$24,000; preliminary plans for town hall, police and fire stations, \$10,000; storm drainage study - final of three annual segments - \$10,000.

Widening Holt rd. and Wildwood rd., \$10,000; Land Acquisition Committee, \$60,000; Rogers Brook, additional amount to \$195,000 already voted, \$10,000.

Engineering and layout of town streets, \$2,000; grading and drain-

age at High School site, \$28,000; re-appraise plans for extension of Memorial Hall Library facilities, and of the existing heating system, \$2,000; easements relating to establishing automatic crossing gates at Essex st., \$25.

**Urban Renewal**

The article dealing with new plans for the municipal buildings is related to Urban Renewal, in that adoption of the proposed plans would require the town to build new structures for general, fire and police usage. But Town Manager Thomas E. Duff also noted that, within three to five years, replacement of the present facilities must be considered anyway.

He suggested the amount as an outside figure, believing that architects can prepare preliminary plans for somewhat less than the full appropriation.

**Rogers Brook**

The additional Rogers Brook money, if appropriated, will bring the total authorized expenditure for that project to \$205,000. This would get the reconstruction accomplished from the Shawsheen River to Main st., and would pay the cost of easements along the entire length of the Brook.

Another special article is in the warrant, in case the appropriation is not approved, to officially revoke the former authorization and to cancel out the potential bond issue approved for the Brook job.

**Recreation Plans**

The \$28,000 requested by the School Committee would be added to \$22,000 voted last year, making a total cost of \$50,000 for the grading and drainage project.

The article requires the Selectmen, town manager and Finance Committee to approve the expenditure of funds.

**Dump Extension**

Two articles deal with the dump - the requested appropriation of \$28,000 for a shovel dozer for the suggested sanitary land fill operation, and the Land Acquisition Committee. In addition to other purposes listed under that Committee's outline of responsibilities is that of locating and acquiring land for the dump.

The special committee studying this problem has suggested acquiring about 60 acres near the present facility. Such matters are routinely handled by the Acquisition Committee, which must also secure approval of the Selectmen and Finance Committee before spending funds.

**Other Special Articles**

A number of other articles, dealing with money, are in the warrant:

Amendment to zoning by-law allowing "municipal facilities" to be located within residential, industrial or other areas where deemed practical - this legalizes the present dump site in the residential area, and allows other locations to be used if found to be proper.

Accept the state's towing law, giving authority to the police to tow cars under certain conditions; continue by-law study committee for one year, with a final report due in 1963; amend zoning by-law to allow the parking of some trucks in residential areas and allowing Board of Appeals to give permits for other truck parking.

Change residential "A" district on North Main st., next to the Shawsheen Plaza, to Apartment District, on request of Schol Realty Co.; allow the Selectmen to sell some land at the junction of Beacon and Lowell sts.; acceptance of a state law relating to vacations for town employees; action on a 10 percent pay raise request by the employees; direct the manager to print and distribute a classification and compensation plan to all employees, and update it every year.

Street acceptances include 20 streets listed by the Selectmen as in use for over 20 years; others are Charlotte dr., Juniper rd., Sequoia ln., Sagamore dr., Sheridan rd., Shepley st., Birch rd., Linwood st. - all on request of individuals.

**Annual Meeting Is  
Scheduled Friday**

The annual supper and business meeting of the Ballard Vale United Church will be held this Friday evening at 8:30 p.m.

Supper tickets are on sale and may be obtained from any member of the supper committee; Mrs. James Letters, chairman, Mrs. P. W. Moody, Mrs. Albert Warner, Mrs. Henry Meyers, Mrs. George Davison and Mrs. Frank Green.

## EDITORIAL THOUGHTS

### Dump Location

The problems associated with locating a municipal dump are obviously serious; no one wants the facility near his home.

Least of all, under present conditions, do residents near the present dump want that town disposal area to be continued in their neighborhood. But equally upset over the possibilities of any move to re-locate the facility are residents of any other section of the town where it would be possible to put the dump.

In truth, no one wants it; it's most objectionable to those living nearby, because those people know from experience how disagreeable it is; it's equally obnoxious to residents in any country area of the community, who can see their property values going down and their neighborhoods becoming littered.

The committee studying this situation has rightly decided that a continuance of the dump where it is, with a sanitary land-fill to keep down the nuisance as much as possible, is the best possible answer.

It is true that low and generally undesirable land can be reclaimed for use by the land-fill method of dumping. And the Selectmen have further decided to ask the voters for a by-law amendment that would allow a sanitary land-fill dump in any section of town where it was thought feasible to put it. In general, this amendment would legalize the present dump site — which has been existing on the fringe of legality in West Andover residential areas — and allow dumping in residential and industrial areas of the town.

### Political Pot Bubbling

The political pot, without even taking time to get warm, is suddenly boiling vigorously.

There are six candidates for Selectman, at this writing, and at least three for School Committee, with another "possible" candidate waiting to make up his mind.

And on top of this, fluoridation is beginning to emerge as the same partisan issue it always has been — one where opinions are strong on both sides of the question, and where there is little chance that opponents will find a compromise solution.

Thus it appears that the March election will be interesting and rewarding, in that the voters will have the opportunity to make a reasonable judgment among the candidates.

As long as this opportunity is presented, nothing too wrong can happen to our type of government. It's only when candidates remain unopposed over a period of time that our system can become stagnant, and is in danger of attack.

### Don't Open The Warrant

A last-minute effort to place an article in the warrant concerning a free dental clinic has inadvertently caused the Selectmen to make a tough decision.

The Board, in refusing to re-open the warrant, had to draw a fine line concerning the effects of opening the warrant for an individual request, and the merits of the request itself.

The Board acted on the premise that opening the warrant, after it is legally closed, sets a precedent that could lead to a flood of requests for similar treatment.

But because the request in this case concerned fluoridation, it was more difficult for the members to take this action, without giving the appearance of acting on the merits of the issue.

The Board used excellent judgment in not opening the warrant. In the future, we would hope that the members would not even discuss the particular article in question, prior to making the same decision. That way, there will be no possible risk of offending anyone over the merits of the article.

### Roster For Public Service

There has been a lot of talk recently about getting new faces into town government, via the several study committees that are appointed by the manager and Selectmen.

A good many years ago, the same question came up. And at that time a few new men and women were drawn into town government. They have, over the years, become the "same old faces" that are the subject of comment now.

It's a good idea to bring fresh minds and willing workers

into the picture. Many men and women can contribute their talents, their energies, in solving the various municipal problems.

This is not to say, however, that many of the "old timers" in the municipal service aren't continuing to do a good job.

But any town, any agency, has the obligation to bring into any situation the best talent it can find. If the men and women who have never been involved in municipal affairs are never asked to become active, a sort of in-bred municipal society is created, which becomes stagnant.

Thus we're all for the idea of appointing some new people. And there must be many of these persons who are interested in serving in some capacity.

Perhaps there should be a roster of public servants, listing residents who are willing to serve when asked, from which to draw names. Development of such a list, while perhaps time consuming, would provide the town with a pool of available brain-power that should prove extremely valuable over the years.

### Down the Years with The Townsman

#### 50 Years Ago — January, 1912

Mr. Shipman will make an address, on the Lawrence strike, at next Sunday evening's service. William McTernan has just had his house wired for electricity.

Miss Gertrude Sauer, instructor in drawing in the public schools, met with an accident on Main st. Tuesday. The runner of her sleigh caught in a car track and she was thrown out of the sleigh. Fortunately, she was uninjured.

Treasurer J. W. Bell of the Free Church announced at the annual meeting Wednesday evening that he has received a gift of \$7,500 from George Torr to be known as the Torr fund. The income is to be used to pay part of the minister's salary.

Myron E. Gutterson was re-elected moderator of the South Church at the annual meeting. There were 388 members present.

Samuel H. Bailey will run for re-election as Selectman this year.

As soon as building construction can begin in the spring, work will start on a group of buildings to be erected by the Tye Rubber Co. on the land recently acquired on Railroad st., also known as The Niotus Club field. Three brick buildings will be erected this year.

John H. Flint and Burton S. Flagg were re-elected directors of the Merrimack Mutual Fire Insurance Co. at the annual meeting. Joseph A. Smart was named president and Mr. Flagg becomes secretary and treasurer.

#### 25 Years Ago — January, 1937

Two new candidates have entered the field — one more for tree warden and one for the Board of Public Works.

Neal O'Hara, the well-known newspaper columnist, was the featured speaker at the testimonial dinner for Judge Joseph M. Hargenden at the Crystal Ballroom.

James Gillespie has been elected moderator of the Free Church. The Townsman will, once again this year, broadcast the election returns over a Lowell station.

The Bradlee School boiler will soon be replaced with one that burns oil.

An editorial this week urges a change in town meeting times, for the convenience of the voters. The meetings have annually been held during the day on Monday. The

editorial suggests starting the meeting in the evening, so that working people can be present.

James Dailey, 41 Summer st., has purchased the Salem st. service station started by Henry S. Hopper.

Mrs. Mary Elizabeth Farmer, the oldest member of the South Church regularly attending services, died this week at the age of 93.

#### 10 Years Ago — January, 1952

Tax collections for the previous year surpassed all other years, according to collector James P. Christie. The new record is \$970,380.25. The total tax collections have been going up steadily, year by year.

Two women were hurt by a car, as they crossed North Main st., near Harding st., Wednesday morning. They are patients at the Lawrence General Hospital.

The Presidential Primary will be held April 29 and only one voting place will be used here, instead of six.

Some 250 mothers are all set for the big event of the month, the March on Polio slated for Jan. 31.

Frank J. O'Connor was installed as president of the Catholic Men's Club Saturday night.

Garrett H. Burke of North Main st. has been appointed to the Housing Authority by the state Housing Authority.

#### CAN ENLIST FOR 3 YEARS

In order to meet the increased readiness posture of the Navy and the nation the Navy Recruiting Service is offering a three year enlistment in the Regular Navy.

This opportunity is available to young men who have reached the age of 17 years or older. The regular Navy offers young men who enlist under the three year plan a chance to advance themselves through on the job training. This exceptional offer will expire June 30, 1962.

This enlistment policy in noway replaces the usual four or six year enlistment program nor the Navy's "Stay in School" policy.

If you want to serve your military obligation in the finest Navy in the world see Chief Gordon or Chief Kerwin at the Navy Recruiting Station located at the post office, Lawrence.

#### Films Available

If you are planning a program and wish to offer your group something a little different, why not about the film loaning service which your library makes possible to Andover groups, without charge? Throughout the year, excepting those summer months when most clubs, etc. are inactive, the library maintains a changing supply of sound films, many in color, on a wide variety of subjects. The film catalog which is published annually, indicates the dates on which certain movies will be on hand at the library. It is suggested that those planning to use films reserve them well in advance of the date of the showing. Some films are very short, 10 to 15 minutes, others run half to an hour.

Those wishing to borrow the library projector may do so, or are expected to hire a trained projectionist, whom the library will supply for a small charge.

Here are a few films to be available now or in the near future until Jan. 27, Steps Of The Ballet, 25 minutes; The High Wall, 30 minutes; Jan. 29-Feb. 10, Coral Wonderland, color, 20 minutes; also Between The Tides, color, 22 minutes; Feb. 5-10, Kangaroos, 14 minutes and The Monkey Who Would Be King, color, 11 minutes; Feb. 12-24, In And Around Amsterdam, color, 11 minutes. There are also three travel films of Canadian subjects, all in color, which will be changed Feb. 5 for another three of the same type.

Ask at the desk, or call the library for further information.

#### Great Religions

An unusually fine library of great writings from the major religious traditions of modern man has been added to the Memorial Hall Library. "Great Religions Of Modern Man" is a set that spans the vast range of human experience and aspiration as expressed in the literature of these great religions. Here are beliefs and practices, their dogmas, creeds and myths, their moral and philosophical commitments, all presented in the authentic texts of the religious tradition itself.

The books are ready for circulation.

## Pay First Bill For Court Case

The School Committee, without dissent, has approved a bill of \$1,038.92 presented by Atty. Fredric S. O'Brien, in connection with the Benjamin F. Dimlich case.

The charges were for expenses involved in preparing the case for presentation to the state Supreme Court.

Mr. O'Brien's letter covering the subject explained that \$800 must be paid to the clerk of courts for printing of the testimony, for presentation to the Court. The sum of \$238.92 had already been paid by Mr. O'Brien for the original transcript of the testimony.

There has, as yet, been no payment for legal services in connection with the Superior Court trial of the case.

## MAY USE SCHOOLS FOR FILM SHOWINGS

(Continued from Page One)

along with Mr. Resnik and Arthur Heifetz, were present at the meeting Tuesday.

Mrs. Richard Comins was spokesman for the Cinema

Classics organization, and was accompanied by Ralph Wirtz, Mrs. P. A. McKeown and Ted Burt.

The only area of agreement among the participants was their inability to agree on use of the Playhouse, with financial problems becoming the most important factor in the disagreement.

Mr. Resnik stated flatly that the Classics group plans to use 16 mm film commercially, which he claims is not allowed by the distributors. He said the sale of memberships or subscriptions, instead of tickets for each performance, doesn't alter the commercialism. And he noted that if 16 mm film is used at the theatre, tickets could not be sold at the door to transient customers. This would prevent him from showing the films on Friday nights, he said, because regular customers would be turned away and would get the idea that the theatre would not accept their patronage on other Fridays.

However, Mr. Resnik said the 35 mm film could be used - but at this point there was general disagreement on the cost of the two types of film; none of the participants agreed on what costs the Cinema Classics group could underwrite, in any event.

It was noted that the three films shown in the school facilities before Christmas resulted in a \$75 loss to the group. But the members felt that a series of eight films could be shown on a subscription basis, providing costs are at a minimum.

One factor involved was the offer of Mr. Resnik to share the profits, if any, on a 50-50 basis. It was explained that the Cinema Classics group was able to nearly write off the deficit in 1961 because of profits from one of the showings. If this had been shared, the deficit for the over-all operation would have been greater.

Members of the School Committee agreed that the films may be shown, on motion of member Robert McIntyre. Mrs. Reta

Buchan and John S. Sullivan concurred, with member William A. Doherty opposed.

Board members had generally agreed, before voting, that admission to the use of the facilities would automatically set a new policy resulting in a ban on showing movies by any group, whenever admission is charged. This would have affected school groups and various local charitable and civic organizations which make use of the facilities occasionally.

## Little Stories about Great Hymns

## Awake My Soul

Awake, my soul, and with the sun  
Thy daily stage of duty run;  
Shake off dull sloth, and joyful rise  
To pay thy morning sacrifice!

Bishop Ken, as a boy, was raised by Isaac Walton. He wrote this hymn for the use of students in Winchester College. It had 14 verses. Bishop Ken sang this hymn every morning upon waking, playing the accompaniment with his lute. At his request, when he died, he was buried at sunrise, and the singing of this hymn was almost the only ceremony that took place.

The following ode was written in celebration of School lunch week: Ode To The Cafeteria Gals

As you peel and mash potatoes  
Butter bread and slice it too,  
As you scour those dogged pots

And frost a cake or two,  
As you mop up broken bottles  
Or a fallen tray or two -

Ford frees you forever  
from the expense and bother  
of frequent car servicing.  
Twice-a-year maintenance is here-  
and only the cars from Ford  
have it!

In a new Ford Galaxie or Fairlane, the odometer rolls off a long 6,000 miles between every service stop. Compare this with other '62 cars and here's what you'll find: many cars still have to check in for service every 1,000 miles; some every 2,000 miles; others every 4,000 miles. Only the cars from Ford need service only twice a year, or every 6,000 miles.

When you own a '62 Galaxie or

Fairlane, you don't have to drive with one eye on the odometer to make sure you're not forgetting an oil change or a grease job or other servicing. Ford's twice-a-year maintenance saves you time, saves you money. Just one stop every 6,000 miles takes care of servicing. You'll go 30,000 miles between major lubrications, 6,000 miles between oil changes and minor lubrications, 2 years or 30,000 miles without changing

engine coolant-antifreeze. Brakes adjust themselves.

Why buy a service headache when Ford is ready with the cure? See your Ford Dealer—and see how close Ford has come to the fill-it-and-forget-it car!

## Weddings...

### DARGOONIAN - HAGOPIAN

Miss Angelina Hagopian, daughter of Mrs. Maritza Hagopian, 80 Knox st., became the bride of Garabed Dargoonian, son of Mrs. Mariam Loosigian, 23 Blanchard

st., in the Armenian Holy Cross Apostolic Church.

The pastor, the Rev. Vartan Avakian, performed the ceremony before an altar banked with white snapdragons and lemon leaves. The soloists, Paul Hagopian, brother of the bride and Mrs. Mary Bogosian, were accompanied by the organist,

Mrs. Margaret Kazarosian.

The bride was escorted to the altar by her brother, Dr. P. B. Hagopian, superintendent of Danvers State Hospital. She wore a traditional gown of silk peau de soie, fashioned with a portrait neckline, long tapered sleeves, and a basque bodice. The front panel was encrusted with sugar crystals and imported seed pearls, the back featured four self-fabric cabbage roses at the waist, and the skirt terminated in a full cathedral train. Her triple tiered veil of imported English illusion was draped to a demi-hat of pearls. She carried a Madonna cascade of white roses, and bridal stephanotis, with nylon insertions and a white orchid.

Preceding the bride was her niece, Miss Ruth Machoolian, who served as maid of honor. She was attired in a floor length gown of gold satin with a portrait neckline, bracelet sleeves and princess front. The draped back fullness was caught at the waist with a self fabric rose. She wore a matching satin halo adorned with a rose and face veil. For her bouquet she chose a tapering cascade of turquoise roses and sheaves of gold croton foliage.

The matron of honor, Mrs. Rose Hagopian and the bridesmaids,

He pointed out that willful failure

### Social Security Numbers On Return

It is important that all social  
security numbers appear in the  
space provided on page one of the  
1961 Federal income tax return.  
District Director Frank J.  
Cavanagh of the U. S. Internal  
Revenue Service cautioned tax  
payers.

Sometimes husbands and wives  
filing joint returns neglect to enter  
both their Social Security numbers,  
Mr. Cavanagh pointed out.

### Special Planetarium Show Is Underway

Storms on the sun, hot domes  
girdling the earth, a lightening  
in the sky, and a space vehicle  
with an adhesive tongue - all these  
and more will be featured in the  
upcoming Hayden Planetarium  
showing at Boston's Museum of  
Science.

Called, "Shots Seen Around the  
World," the new show began Jan.  
9 and continues through April 1.  
As fantastic as a Jules Verne  
thriller, "Shots Seen Around the  
World" tells the true story of  
man's pioneering adventures in  
outer space, with special emphasis  
on the vehicles, satellites, and  
probes that are continually re-  
vealing vital information about  
the universe.

Color slides and special effects  
will give the viewer a close-up  
at a rocket launching, a spinning  
satellite, the earth's moon, and  
the deadly Van Allen belts. These  
belts have been described as the  
donut-shaped bands of radioactive  
particles encircling the earth and  
are among the hazards of outer  
space through which man must  
safely navigate on his journey to  
distant planets.

Discussed are navigation satel-  
lites and a vehicle or probe that  
will explore the surface of a nearby  
planet, presumably Venus.

In addition to its space explora-

### Action Soon On Fluoridation Bill

Prompt legislative action on a bill seeking to have the question of fluoridation appear on the March election ballot can be expected, according to Rep. Arthur Williams.

Mr. Williams said the House committee should be reporting the bill soon, following last Thursday's hearing on the subject.

Appearing at the hearing in favor of the bill were Jaycees President Gerald Silverman, Atty. Joel Labell, Dr. Thomas Lamson and Norman Letourneau.

The bill would allow inclusion of the simple yes-or-no question on fluoridation on the ballot.

According to Mrs. Henry G. Tyer of Spring Grove rd., at least four Andover residents were present at the hearing and were recorded in opposition, although they did not speak. They included Mrs. Paul Deteresi, Harold Abbott and Bennett McDuffie.

She also stated that some 50 local residents have signed a statement in opposition to the bill, which is to be presented to the legislative committee.
